

In PETA's Ideal World, We Would Miss a Lot of Things ...

MISSING:
SEEING eye
DOGS

People for the Ethical Treatment of Animals (PETA) is so radical that it even opposes seeing eye dogs for the blind. Animal rights groups that go to extremes shouldn't have the right to tell us what to wear, how to live, and what to eat.

PETA: Too extreme for our own good.

Don't be fooled. To learn more about the animal rights movement, visit
